ANNUAL REPORT
2025-26

“EDUCATION’S PURPOSE IS TO REPLACE AN EMPTY MIND WITH AN OPEN ONE.”

About the School

D Y Patil's DPVN CBSE, Navi Mumbai

AN INSTITUTION WHERE MISSION MEETS VISION

VISION AND MISSION

VISION

Our dream is to create abundant life-long learning opportunities for every child enabling them to use the knowledge amassed to create more opportunities for him/her. We envision them to become secure, balanced and adaptable young leaders who have the confidence of defining themselves in a manner that makes a mark for them, the country and the world at large. We will groom each child with skills, values and dreams, and kindle a passion that will help them to grow and prosper. 'Believe and Become' is our motto and giving them the freedom to pursue their passion is our ultimate desire. We envision creators and innovators who will inspire more leaders.

MISSION

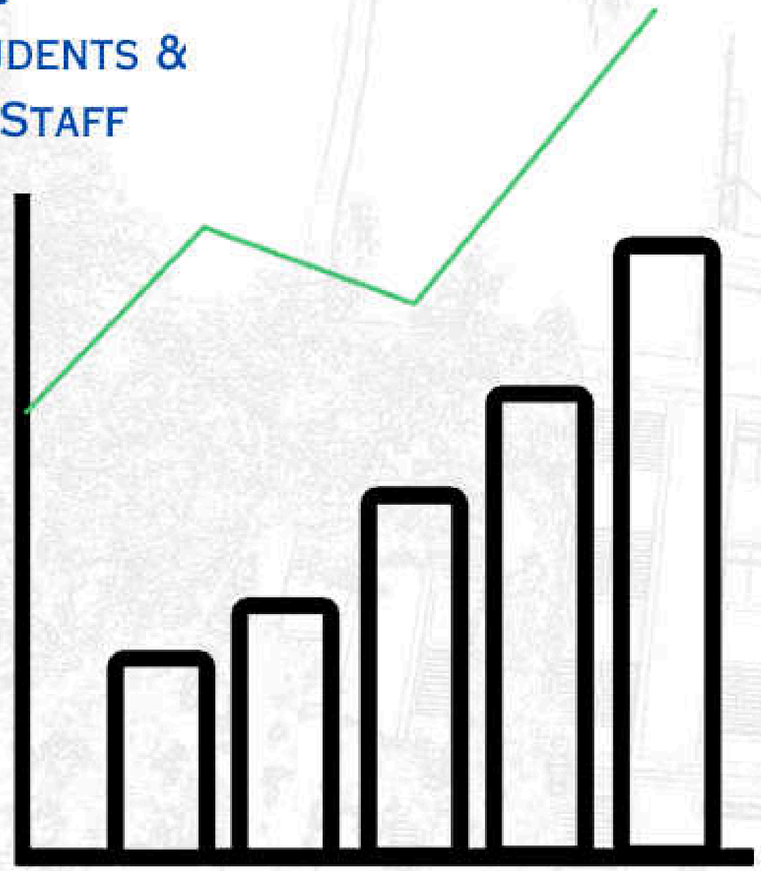

At DY Patil"s DPVN CBSE, Navi Mumbai, our mission is to empower - be the parent, the child, our teachers or the society at large. Our approach to learning focuses on each and every multi-faceted child, developing skills and attitudes that make him a decision maker, problem solver and allow him to match pace with the best in the world. Our belief in our curriculum that caters to every child's learning needs, allows us to provide ample experiences in the formative years for a child to gain expertise and knowledge and also be "future- ready". Our ever evolving innovation with the teaching-learning process and constant inspiration makes a child to aspire, nurture, be curious, enthusiastic and become aware citizens who take their place in society and the world armed with knowledge and humility.

DPVN IN SPOTLIGHT

Of discipline and clear vision

Study plan

Anish Gupta, a Grade X student from D Y Patil's DPVN, Navi Mumbai, has achieved remarkable academic success with a score of 478 out of 500, securing 95.6 percent. He attributes his outstanding performance to discipline, clear vision, and maintaining consistency even when confidence wavers. His approach to tackling difficult subjects involves building strong fundamentals and breaking complex topics into manageable segments. Through daily practice and prompt clarification of doubts, coupled with systematic revision, Anish ensures thorough understanding of his subjects.

Name: Anish Gupta
Class - X, CBSE
Total - 478/500
Percentage - 95.6

Looking ahead, he aspires to become an engineer and is currently preparing for the JEE examination to secure admission in prestigious institutions, with a focus on specialising in computer science. His methodical approach and unwavering dedication serve as an inspiration to fellow

Journey to success

Prakhar Mehrotra, a grade XII Science student from D Y Patil's DPVN, Navi Mumbai, has emerged as the school topper in the CBSE Board Examination 2025 (AISSCE) with an impressive score of 486 out of 500, achieving 97.2%. His remarkable academic performance stands as a testament to his dedication and methodical approach to studies.

Study plan

When asked about his success mantra, Mehrotra emphasises the importance of maintaining consistency in studies whilst remaining composed during examinations. His systematic approach involved daily practice and revision of challenging topics, coupled with actively seeking guidance from his teachers whenever needed. This balanced strategy proved instrumental in his academic achievement.

Looking ahead, Mehrotra has set his sights on the noble profession of medicine. With a profound desire to serve humanity and make a meaningful difference in people's lives, he aspires to become a doctor. His outstanding academic performance has laid a strong foundation for his journey towards realising this ambitious goal in the medical field.

The young achiever's success story serves as an inspiration to fellow students, demonstrating that consistent effort, coupled with a calm demeanour, can lead to exceptional results. His achievement not only brings pride to his school but also sets an exemplary standard for future batches to aspire towards.

Educational leadership in the digital age

Ashu Rana, with over two decades of experience as a principal across prestigious institutions including D Y Patil's DPVN and Army Public School, believes that meaningful transformation in education requires deep understanding and genuine acceptance from within. As an educator specialising in English, Economics, Business Studies and Management, she emphasises the importance of balanced technological integration in modern education.

While acknowledging the challenges posed by excessive and unguided use of AI in education, Rana advocates for mindful integration through proper training. At D Y Patil's DPVN, Navi Mumbai, staff members receive comprehensive training in emerging technologies and their ethical frameworks, ensuring technology fortifies rather than replaces human-centred pedagogy.

Principal speak

Recent years have witnessed seismic shifts in educational paradigms, particularly in teachers' roles evolving from mere content delivery to fostering critical inquiry and curiosity. The focus has moved towards technology-driven personalised learning and nurturing future-ready competencies for global citizenship. Rana's educational philosophy centres on lifelong learning, emphasising the importance of continuous upskilling and adaptability in transforming challenges into opportunities.

In an era of constant transformation, she stresses the significance of authentic leadership among students, encompassing resilience, ethical courage, and visionary empathy. Looking ahead, Rana is optimistic about India's educational trajectory, anticipating robust implementation of NEP 2020, enhanced early education programmes, and increased focus on skill-based subjects. She envisions India emerging as a global educational hub, with a highly qualified workforce positioning the country as a true 'Vish-

A grand success

Shreeya Jadhav, a commerce student of D Y Patil's DPVN, Navi Mumbai, secured the top position in the commerce stream of her school with a grand total of 468/500 and 93.6% in the grade XII CBSE Board Exam 2025 (AISSCE).

Shreeya credits her success to consistency, calmness, and the ability to learn from mistakes. While the journey was not always easy and some subjects felt overwhelming, she relied on a structured study plan, sought help when needed, and trusted the process. Support from her teachers and the unwavering encouragement of her parents kept her motivated. Taking timely breaks helped her stay refreshed, and disciplined daily efforts ensured steady progress.

Whenever faced with difficulties in a subject, Shreeya gave it extra attention instead of avoiding it. She focused on mastering the basics before moving on to advanced concepts, while clearing even the smallest doubts with the help of her teachers. A regular study schedule, early morning preparation, and patience gradually turned challenging topics into manageable ones.

Looking ahead, Shreeya aspires to become a successful businesswoman and establish her own hospitality brand—one that goes beyond service to create memorable and meaningful experiences. For her, hospitality is about making people feel valued. She envisions combining innovation, sustainability, and social impact to build spaces that reflect strong values and create opportunities for others, especially young women like her. With determination and a clear vision, she is eager to continue learning and growing as she takes steps towards making her dream a reality.

Of consistency and concentration

Study Plan

Priya Mali from D Y Patil's DPVN, Navi Mumbai has emerged as the humanities stream topper in her school, securing 414 out of 500 marks (82.8%) in the 2025 CBSE, grade XII Board Examination (AISSCE). Attributing her success to consistency and focused study habits, Priya emphasised the importance of thorough chapter-wise preparation using NCERT

textbooks, whilst reserving reference materials solely for revision purposes.

Her strategic approach to challenging subjects involved breaking down complex topics into manageable segments, maintaining regular revision schedules, and building confidence through extensive practice with previous years' question papers. Having discovered her passion for Psychology after Grade X, Priya now aims to pursue higher studies in the field, driven by her desire to understand and support others in their journey.

Excellence in education

D Y Patil's DPVN, Navi Mumbai, has received the "Excellence in Academic Achievement" award at the Leadership Excellence Conclave 2025 organised by Mumbai Sahodaya. This recognition celebrates the school's transformative practices in fostering inclusivity in 21st-century education.

For over a decade, D Y Patil's DPVN has established itself as a cornerstone in cultivating world-class learning ecosystems, empowering
